- Steps to be followed while accessing Corporate Banking Login for **existing Corporate Customers**

    1. In the new version, login ID and Password are required (Domain field is not available)
    2. The login credentials are combination of Domain ID and User ID.
    3. If the Domain ID is '**ABC**' and user ID created as 'RAMESH', then the login ID of the user is '**ABC.RAMESH**'
    4. Existing password of the user can be used for the login
    5. The user must change the password post login.

- **Existing non individual customers who are using one-page internet banking, will be migrated to the newer version of corporate banking.**

- Steps to be followed while accessing Corporate Banking Login for existing non-individual customers who are using current one- page internet banking

    1. In the new version, login ID and Password are required (Domain field is not available)
    2. The login credentials are combination of Domain ID and User ID.
    3. If the customer number is '**1234567**', then the login ID will be '**1234567.1234567**'
    4. Existing password of the user can be used for the login
    5. The user must change the password post login
    6. If these customers want to add users to the account, they need to fill in the Corporate Banking change request form and submit the same to the Branch.
